

ATOMIC 24 RCR-24

FM / AM / Aux-in
Digital Tuning Clock Radio

The Atomic 24 gives you convenience control over your alarm settings that can wake you up to AM/FM or your aux-in connected device. Dual alarms, make sure you can set separate wake times for the day. Delivering big sound in a small package. Powerful audio comes from two 2-1/4 inch speakers that help to deliver stereo sound beyond Atomic 24's size. The worry-free back up battery keeps your radio presets and alarm settings stored in case of a power outage.

With the AM/FM digital tuning you can receive your favorite radio stations and store them in the 15 Presets (5 FM1 / 5 FM2 and 5 AM). With the digital clock display with extra large digits and adjustable backlight, you can clearly see the time and all other information. The aux-input can be used to listen to external devices such as mp3 players or smartphones or connect a headphones to listen your music privately.
